Student Success Committee Meeting

NOTES

December 2, 2013       11AM

SA 2300B

ATTENDEES
Diana Balgas, Larry Bliss, Amber Machamer, Sally Murphy, Greg Smith, Mitch Watnik, Michelle Xiong

NOTE TAKER
Tamra Donnelly

GUESTS

DISCUSSION

Machamer distributed information on the proportion of first-time freshmen enrolled in 800 and 900 level courses. Murphy would like to see further results of combined remediation rates, along with a breakout of Math 950. Students could need anywhere from 8 units to 24 units of remediation, and it would be informative to see more specific information. Machamer will look at sequenced information, with pass, fail and enrolled parameters. Murphy would like to see if administrative dismissals can be filtered. Enrollments in remedial courses has probably risen, since block enrollment forces students into remedial coursework.

The committee discussed a name change and agreed to Student Retention and Graduation Subcommittee (of SSAC).

The draft report for the WASC self-study was discussed, along with the committee's accomplishments since its inception. The research done on the 08-09 cohort was outlined, and the interventions taken were discussed (PRESS scholarship, intensive/intrusive advising). Benchmarking from sister campuses would be appropriate when considering the CSUEB graduation and retention rates.

CONCLUSIONS
Agenda items: Bliss will report on the CO RFP and the college advising centers

Machamer will report on the results of her meeting with the ALO Core team regarding data needs for WASC.
