## AGENDA ITEM
### 1. Updates to UWSR Communication Plan

**DISCUSSION**

Schneider reported that WST language was added to transfer student communications, and there have been a lot of questions submitted via email. A very large mailing will be sent soon. Perry will be supplying the list, Bliss will print the flier from SCAA with the updated WST Flowchart on the back. The flowchart still needs to be updated to include other ways to satisfy the WST.

### 2. 2013 HEDS Senior Survey Results

**DISCUSSION**

Alabastro has reviewed the analysis made by former AVP Machamer. The HEDS survey has a comparison to 14 other institutions of unknown identity. IRADS will use the BSSE this year for incoming freshmen and the NSSE instead of the CSEQ at the end of the year. The CIRP was administered in 2014, but there is not a lot of historical information on who received the survey, nor what the response rate was. Alabastro has not been able to obtain information from the administering agency. Wiley suggested that it would be more productive to concentrate on future efforts rather than spending more time trying to analyze past efforts. The “Leaver Survey” has being cleaned and analyzed; Alabastro will send the report to the committee. There was mention of a previous similar survey that was done at least 6 years earlier.

Members discussed the new advising platform and members would like to see a demo of EAB SSC. Questions include whether it would be possible to develop a list that shows dropouts. Members also wondered if National Clearinghouse Date could be used to see if our students graduate from other institutions.

### 3. Other updates

**DISCUSSION**

1. There are a number of Graduation Workshops scheduled, and the UWSR and WST will be mentioned.
2. SSAC has not scheduled a meeting yet.
3. Student Success Initiative Inventory is being conducted by Carl Bellone and Fanny Yeung.
4. GANAS had a 91.7% retention rate, received recognition at the DC conference on Excellence in Education. GANAS has 34 students continuing from 2013, with 37 in the 2014 cohort.
