Review of previous meeting’s notes

Final Review of the “Undergraduate Student Degree Policies and Procedures” document
  1. If all approve then post the document to the PEMSA Intranet
     The group renamed the document to “Policy Application for Student Degrees” with a note on that it applies to undergraduate students.
     Sally had suggested edits to the document which the group discussed. More discussion and review still needed at the next meeting. Angela will make the edits and send to the group prior to the meeting. All agreed that a separate SB 1440 advising document is required once more of the details are established.
  2. Going forward, Send any edits to Angela Schneider for updating

Discussion Item:
  1. Is the CAAR given to a student considered binding and official? Will CSUEB will stand by it no matter what?
  2. Results from subcommittee meeting
  3. Factors to consider are:
     a. university policy changes
     b. an error is caught – depends on the kind of error, when the error is identified, and if the error was on the CAAR sent to the student by email.
     c. catalog rights change
     d. SB1440 student changes major – Sue indicated we should maintain even if they change their major.
     e. If different interpretation at graduation evaluation review
     f. student breaks enrollment – no, since catalog rights broken
        Joanne reported that she is compiling a list of issues regarding this topic, and will convene a meeting of the subgroup prior to the next meeting.

Discussion if time allows...
  1. Content assembly for the /transfercredit site
  2. Planning for the “understanding transfer credit in PS and MyCSUEB workshop”
  3. GE certifications
  4. GE subcommittee to examine awarding credit for military coursework
