RESEARCH QUESTION
What is the educational effectiveness of our general education program?

EVIDENCE
- 75-80% students superior or sufficient in SLOs
- Cluster students passed WST at 85%, (average was 65%); however, decline in 2005
- Improvement Shown in Information Literacy Post Test
- Surveys demonstrate clusters foster community, diversity, and retention

METHODS
- Rubric scoring of SLOs in GE courses
- Writing Skills Test
- Information Literacy Pre and Post Tests
- ESS, CSEQ and Lumina Study

ACTION TAKEN
- Five Year Program Review
- CIC reviewing information literacy courses
- Faculty workshops

ACTION PLANNED
- MOU based on Five Year Review
- Voluntary sophomore clusters planned for 08/09
