Outcomes

- Meeting quorum will be 12 of the 16 members, that must include a minimum of 3 faculty members
- Decision making protocol will be 85% of those present
- Participation via phone is acceptable

Notes

- Self-support instructional programs should be included in the scope of instructional program review
- Instructional program criteria should acknowledge in some way the revenue generated by self-support programs
- Steering Committee should facilitate interaction between the two task groups to assist with identifying any inconsistencies
- Accommodate campus feedback during the process. As task groups make decisions and transmit those to the steering committee, those decisions will also be posted on the web to allow for comment before the Steering Committee affirms any decision by one of the task groups.
