Strategic Plan
2005-2008
Message From the Chief of Police

It is with pride and pleasure that I present the Strategic Plan of the California State University East Bay Police Department. This document provides the Department’s Vision, Mission, Service Philosophy, Values, Developmental Priorities, Goals and Objectives which serve as guiding principles for the services, programs and priorities of the Department. The organizational plan is a living document that is a result of ongoing assessments and collaboration with the University Community, via input from the Community Policing Advisory Board (CPAB) and University Police Department supervisors and staff. I am particularly appreciative of the openness by which those whom I have spoken with have shared their ideas regarding the Department. The principles of this plan are essential to the success of the organization and provide the greatest opportunities for each of us to contribute and grow in our assignments. I share with you my sense of enthusiasm, knowing that our community is supportive of our contributions to maintain the high quality of life, safety and security on our campus.

Janeith Glenn-Davis
