* Course(s) may be applied to approved CSU GE Breadth area(s) and this CSU graduation requirement.

NOTES:

- To qualify as an upper-division transfer, a student must:
 - complete 60 or more CSU transferable semester units with a grade point average of at least 2.0 (2.4 if a nonresident) in all transferable college units attempted; and
 - complete at least 30 of those units from general education courses in areas A through D, including courses in each of the following areas with grades of "C-" or better: A1, A2, A3, and B4.
- While a course may be listed in multiple areas, it may only be applied to one area. (The CSU graduation requirement in U.S. History, Constitution and American Ideals is not part of CSU GE Breadth; therefore, courses may be applied to both of these requirements.)
- Students with Advanced Placement (AP), College-Level Examination Program (CLEP), and/or International Baccalaureate (IB) examinations should check with a counselor to verify application of the examinations to the appropriate general education areas.
- International coursework from non-United States regionally accredited institutions cannot be applied to CSU GE Breadth requirements.
- Courses on this CSU General Education Breadth list are approved annually for the academic year, which begins with the Fall 2017 semester and remains valid through Summer 2019. If a course is taken before it is approved or after it is removed, it cannot be used to satisfy CSU GE Breadth. See a counselor or check assist.org for up-to-date as well as historical course approval information.
- Students pursuing majors with extensive lower-division unit requirements, such as Engineering, are advised to focus on completing the pre-major requirements while meeting minimum admission requirements. Consult with a counselor to determine the most appropriate transfer path.
- A maximum of 70 semester units may be transferred to a CSU campus. Coursework completed above the 70 units may be used to meet CSU general education, major, and/or graduation requirements even if the units will not count toward the baccalaureate degree.
- CSU Sacramento requires a 2.0 GPA in general education courses (except as noted in #1 above), and a foreign language for graduation.
- The CSU Sacramento English 20 graduation requirement can be satisfied by completing Sierra's English 1B or 1C. Either of these courses may "double count" to meet both the English 20 graduation requirement and the CSU General Education Breadth requirement for area A3. Consult with a counselor and/or see the CSUS catalog for graduation requirements.

TIPS

- ❖ Make regular appointments with a counselor to monitor your progress toward transfer. Correct course selection will save you time.
- ❖ Remember to check with a counselor for major preparation courses. See assist.org.
- ❖ Check calstate.edu/apply for CSU application submission deadlines.
- ❖ Check <http://calstate.edu/SAS/impactioninfo.shtml> for information on impacted majors and campuses.
- ❖ When you send your final transcript to the CSU campus you are going to attend, be sure to request that certification of your general education courses also be sent. Certification ensures that a CSU campus accepts all of your courses in the areas in which the coursework is certified. Your counselor can provide more information.
- ❖ Athletes who wish to continue competing after transfer must meet additional requirements. See a counselor, play it safe!
