V. PUBLIC COMMENT – Public Comment is intended as a time for any member of the public to address the committee on any issues affect ASI and/or the California State University, East Bay.
   Louie C. Ramos brings up some concerns about the election as well as confusion about the deadlines. Louie C. Ramos continues to state that a lot of students are having difficulties filling the application out, and the application was closed by noon instead of midnight. Louie C. Ramos was wondering if there is anything they can do to address this problem in order to move forward from it. Louie C. Ramos also wants to raise a concern about having unopposed positions by expressing that if the majority of positions that are going for elections are unopposed; then it’s not really seen as an election it’s seen as a “shoe-in.”
   Darshay Larey states that this is her first time running for the board, but she has been a part of ASI for 3 years. Darshay Larey continues by confirming that she is running for VP of Communications and she acknowledges the regulations for this position which is being a committee member per quarter. Due to Darshay Larey’s long history with being an ASI employee she feels as if her position should be sufficed. Darshay Larey also expresses her future concerns which speculate the ASI elections to be “biased.” Darshay Larey proceeds by stating that people who have only been on the board for only a quarter shouldn’t be more qualified than people who have been a part of a department for 3+ years. Therefore, this should be uplifted in order to deliver a fair election.

b. DISCUSSION ITEM: Planning for Candidates Forum and Meet the Candidates Event: Marketing, Catering.
A. Solanki states that the main focus is marketing and catering. M. Lynch was unclear if she was supposed to create the flyers or wait for Katie Riddle to do it. E. Pinlac confirms that it is better if M. Lynch creates them because Katie Riddle would not have enough time. A. Solanki confirms that he will be helping M. Lynch with the marketing. M. Lynch proceeds to give the committee an update on the catering confirming that changes are currently being made. M. Lynch continues by saying there was a miscommunication on whether the budget that was provided would be accounted for one day or both days of the event. With that being said, M. Lynch was provided with a menu that would only account for one day of the event. M. Lynch followed up with this problem and was able to clarify that the budget would be accounted for both days of the event. J. Carroll suggests that M. Lynch reaches out again just to see if they would be able to give them an update on their catering process.
