Liberal Studies B.A. Program

The Liberal Studies Program at CSU East Bay offers a vibrant course of study that integrates a number of different academic disciplines into a versatile degree. Students graduating with a degree in Liberal Studies are well prepared for careers in education, communications, administration, or any other field that relies on finely developed skills in analysis and communication. The Liberal Studies major is divided into two pathways – the Liberal Arts Pathway, for students looking for a flexible, interdisciplinary degree, and the Teacher Preparation Pathway, for those students who wish to become elementary school teachers.

Students in the Liberal Studies Program may take courses at either the Hayward or Concord campuses. Currently one of the largest majors on campus, the Liberal Studies program provides individual counseling for its students from our two full-time Academic Advisors. These members of our staff are here to help students move as efficiently as possible toward degree completion.

The Liberal Studies Program also offers the Bachelors Plus Early Pathway: Multiple Subject Program (BPEP:MS) – an accelerated course of study leading to the BA and the multiple-subject teaching credential in only two years. For information about the BPEP:MS Program or any other questions about Liberal Studies, please call (510)885-3852.

**Some Important Lower Division Courses**

(Please see a counselor at your local community college or an advising tool such as ASSIST to see which courses articulate for transfer. All of the courses listed below are not required for transfer, but all courses will need to be satisfied for completion of the major)
