

WELCOME TO GREEK LIFE AT CAL STATE EAST BAY

Greek organizations promote scholarship, provide numerous leadership opportunities, and participate in a wide variety of community service activities. They also provide members with the opportunity to develop lifelong friendships that enhance their college experience.

Greek Life operates out of the office of Student Life and Leadership Programs. All Greek chapters and councils are recognized student organizations on our campus. You can find more information about all of them at csueastbay.edu/baysync.

WHY GO GREEK?

SERVICE

Members of Greek organizations collectively perform hundreds of community service hours per year. Additionally, they raise over \$25,000 to donate to different charitable and philanthropic causes.

LEADERSHIP

Going Greek provides a variety of leadership opportunities where you can learn transferrable skills that will serve you beyond your time at CSUEB. Fraternity and sorority members also serve in various leadership positions on campus, including student government, resident advisor, and orientation leader.

ACADEMICS

Academics and scholarship are of high importance to our community. Our councils and chapters have encouraging GPA requirements and host various events to help their members be successful academically.

FAMILY

Brotherhood/sisterhood is one of the main reasons students decide to go Greek. Fraternities and sororities provide a sense of community that in turn helps our students stay engaged and graduate.
