TO: The Executive Committee
FROM: Semester Conversion Directors (SCD)
SUBJECT: Policy on Continuous Enrollment
PURPOSE: Action by the Executive Committee

ACTION REQUESTED: That the Executive Committee refer to CIC consideration of a new semester policy on Continuous Enrollment for the catalog.

BACKGROUND INFORMATION:

The current language in the catalog states the following regarding continuous enrollment eligibility for students:

Cancellation of Enrollment

“Students who fail to fulfill enrollment or matriculation requirements, or otherwise fail to adhere to academic or Cal State East Bay regulations, are subject to immediate administrative action which may result in the student being placed on Administrative Probation, or having enrollment for that term canceled. Students who do not maintain continuous enrollment for three consecutive terms are subject to cancellation of enrollment.”

Proposed Policy Change:

To maintain the equivalent policy in semesters, the following catalog language is recommended. This policy is in line with many other CSU campuses:

“Students who fail to fulfill enrollment or matriculation requirements, or otherwise fail to adhere to academic or Cal State East Bay regulations, are subject to immediate administrative action which may result in the student being placed on Administrative Probation, or having enrollment for that term canceled. Students who do not maintain continuous enrollment for two consecutive semesters (not including summer session) are no longer eligible to enroll, and must submit a new application to the University.”
