ACTION

REQUESTED: Acceptance of CAPR's request that Caron Inouye replace Ann McPartland as the member for the College of Science on the CAPR Institutional Learning Outcomes Sub-Committee for the rest of the academic year 2011-12.

BACKGROUND

At its meeting on February 2nd, 2012, CAPR discussed progress made by the Institutional Learning Outcomes Sub-Committee. ILO Sub-Committee Chair Sharon Green indicated that Ann McPartland, Chair of Chemistry and Biochemistry, has been unable to attend the Fall meetings and will not be able to participate regularly in the committee going forward. Prof. McPartland suggested that it be better if a new faculty member from Science be appointed and the ILO sub-committee nominated Caron Inouye, a member of the CSUEB WASC Task Force on ILOs which has held joint meetings since mid-Fall with the CAPR ILO Sub-Committee to align and integrate their respective initiatives. Prof. Inouye was asked her availability and indicated she would be willing to serve on the ILO sub-committee. She is a member of CAPR for 2011-13.
