Members present: Tamra Donnelly, Vish Hegde, Michael Lee, Sarah Nielsen
Guests: Bernie Salvador

A quorum was not present, so no business was conducted. Bernie Salvador attended, and demonstrated some of the new features in Blackboard Learn, particularly the rubric feature. He also showed the new Outcomes feature, and a lively discussion of alignment between assignments, program learning outcomes and institutional learning outcomes was held. There is a conference call scheduled with the Blackboard implementation team tomorrow, so the timing was excellent.

Respectfully submitted,

Tamra Donnelly, Secretary
