COMMITTEE ON ACADEMIC PLANNING AND REVIEW

January 23, 2014

TO: The Academic Senate

FROM: The Committee on Academic Planning and Review (CAPR)

SUBJECT: 13-14 CAPR 10: Academic Program Review Procedures proposed changes

PURPOSE: Action by the Senate

ACTION   That the Academic Senate approve the changes to the Academic Program
REQUESTED: Review Procedures as recommended by CAPR

BACKGROUND:

Over the 2012 summer quarter, staff from APGS and the CAPR Chair met to examine and develop proposed updates to the Academic Program Review Procedures to better align them for annual assessment purposes and the upcoming WASC review. The following documented changes as noted in **bold red** were approved by CAPR at its November 1, 2012 meeting and sent to the Senate as 12-13 CAPR 5 on January 15, 2013. During that Senate meeting, additional amendments were made on the floor, including the addition of the sentence "**Standards for completing assessments, interpretations, planning, and reporting are contingent on the availability of assigned time commensurate with the work involved**" as number 5 in section B, Annual Program Report. The President responded to this report with the suggestion that the sentence added by the Senate on 1/15/13, as noted above, be removed.

On January 16, 2014, CAPR passed a newly revised Academic Program Review Procedures document with the above noted sentence stricken as requested by the President, and additional updates as noted in **bold navy**.

The most notable changes in the document include moving the Annual Program Report section to the front of the document; moving from hard copies to electronic submission of all documents, the development of an Annual Program Report Assessment planning template; and creating a cycle of assessment for programs. CAPR felt that by moving the Annual Program Report to the front of the document and highlighting its importance, more programs would be encouraged to complete the annual report, noting that annual reports should eventually inform a good portion of a program's five year review.

Below, **in red bold text** are the significant changes made by 12-13 CAPR 5 to the Academic Program Review Policies and Procedures; the **bold navy text** marks the additional changes as passed by CAPR on January 16, 2014. Other changes that did not affect the policies can be viewed, as highlighted in yellow, by following the link to the draft document in the subject line of this document.

I. Academic Program Review Procedures, A. Introduction:
Copies of the Annual Reports, and the Academic Program Review (Five-Year Review), will be submitted to the appropriate College Dean **for review and approval**…

I. Academic Program Review Procedures, B. Annual Program Report, 1. Introduction and Planning Discussions:

The Annual Report provides the basis for short-term planning consultation between the program and appropriate administrators, to present facts and record the outcome(s) of processes for reference in the future. **The Annual Report should provide evidence of the program's work completed during the annual assessment cycle. A suggested annual assessment cycle is** ~~where~~**:**
1) **Early in the Fall Quarter,** ~~all~~ **programs** ~~will~~ **examine and revise (as needed), their Program Learning Outcomes (PLOs), examine and revise (as needed) their curriculum map aligning PLOs with the Institutional Learning Outcomes (ILOs), examine and revise (as needed) their curriculum map of PLOs and required courses in the program, and agree to an assessment plan for the academic year;**
2) **During the Winter Quarter,** ~~all~~ **programs** ~~will~~ **gather direct and indirect assessment evidence for** *at least one* **PLO (the number of PLOs to be assessed each year is a function of the total number of PLOs'; all PLOs must be assessed within a five-year cycle);**
3) **During the Spring Quarter,** ~~all~~ **programs** ~~will~~ **analyze and interpret collected assessment evidence, identify specific plans for closing the loop, and report on outcomes in their Annual Program Report, to be submitted to CAPR no later than the last day of May; and**
4) **Programs distribute and review feedback provided on the Annual Report with program faculty members.**
5) ~~Standards for completing assessments, interpretations, planning, and reporting are contingent on the availability of assigned time commensurate with the work involved.~~
The assessment cycle, which includes review and alignment of PLOs, curriculum mapping, assessment planning, direct and indirect assessment, actions taken to close the loop, and reporting, will be completed by all programs every year. CAPR and programs will coordinate PLO assessment activities and reporting with Educational Effectiveness Council.

Following approval, CAPR will roll out the program to all College Council of Chair meetings on campus to ensure every program receives information at the same time and can ask questions or seek clarifications. Next steps include the development of an online reporting website that assists programs organize and submit their reports.
