**BACKGROUND:**

At the April 18<sup>th</sup>, 2019 CAPR meeting, Dr. Jiansheng Guo provided explanation for the unit increase. The current class has too much content for 3-unit class; better to have a 4-unit class. Class content needs to be aligned with the needs in curriculum changes provided by the CSUEB CIC. Additionally, some students prefer to take HDEV as a minor and therefore need to have four 4-unit classes. HDEV as a 4 unit course might be appealing to minors content-wise; however, wouldn't qualify toward the minor as it is currently a 3-unit class. Also, as a 4-unit class, more faculty would be available to teach and satisfy faculty load. Dr. Maureen Scharberg clarified that by increasing the units, students will still have free electives and that students cannot exceed 120 units. Dr. Guo confirmed that even with this increase, there will still be 10 – 13 free elective units for students to choose.

CAPR approved this request with a unanimous vote at its April 18th, 2019 meeting.

The relevant document with this request is attached.

**Department\***

Department of Human Development and Women's Studies

**Course Prefix\***

HDEV

**Course Number\*** 381**Full Course Title\*** Interdisciplinary Perspectives on Lifespan Human Development**Justification for the proposed revision\***

We request to change the units from the existing 3 units to the proposed 4 units for the following reasons:

1. The 4 units will be more suitable for the needed course contents required by the external standard agency (CTC), for which this course is designed for (the LBST BA program). As a 3-unit course, the required contents either have to be cut corners, or to be provided adequately that amounts a de facto 4-unit workload.
2. The 4 units would allow students to use this course for the HDEV MINOR requirements, as all other HDEV courses are 4-unit courses, and the required units for the HDEV Minor is 16 semester units (so HDEV 381 can be used as one of the 4 HDEV courses for a HDEV minor). Since this is a comprehensive upper division level introduction to lifespan human development, many non-majors are interested in taking this course.
3. It would allow easier teaching assignments for this course to be taught by regular faculty in the department, as a 4-unit course will be in synch with other HDEV courses, which are in 4 units (e.g., 3 courses X 4 units = 12 units, per semester)

**If this course is a program requirement, explain how your program will be revised as a result of this request\***

HDEV 381 is specially designed for meeting the Core Requirements of the Liberal Studies BA program, that HDEV Dept. serves as one of the several departments that provide the courses for the LBST program.

The increase of 1 unit will increase the entire LBST Core Requirements from the current 48-49 units, to 49-50 units. This will not have significant impact on the total units required by the LBST program, but will provide adequate required contents with appropriate course units.

Dr. Patricia Drew, the current Director of Liberal Studies Program was consulted with for this, and approved the submission of this proposed revision.

Once this course revision proposal is approved, Dr. Drew will submit a Program revision proposal to reflect this change.

**If this proposed course revision will alter your program's total units, please complete the appropriate Program Revision Request in Curriculog, in addition to this proposal.**

**DEAN'S OFFICE / COLLEGE CURRICULUM COMMITTEE REVIEW**

**List additional resources required to offer this course, beyond what is covered in the department budget.\***

The increase of 1 unit of this course does not have negative budgetary implication, as this course is offered with the capacity of 50 students per section, and it will only increase the HDEV Deve. Dept's SFR in the budget positive direction (SFR=50 if taught by lecturer faculty, and SFR=40 if taught by regular faculty, both significantly above the Department average SFR and the College average SFR.

**What other departments/disciplines may have similar course content, or may have students who would be interested this course?\***

NONE

**Has this course been discussed with these departments?\***

Yes; these departments/disciplines are aware of this new curriculum
