TO: The Academic Senate  
FROM: The Committee on Instruction and Curriculum (CIC)  
SUBJECT: 13-14 CIC 25: Approval of CHEM 1610 and 1615 for B1 Status  
PURPOSE: For approval by the Academic Senate; upon the president’s agreement, effective Fall, 2014  

BACKGROUND INFORMATION:  
At its meeting on March 10, The GE Subcommittee unanimously recommended the approval of CHEM 1610 and 1615 for area B1 designation. These are the same course, but 1615 is intended for use in clusters and is given a different number to avoid confusion during registration. These are 6-unit courses replacing an 8-unit sequence within the Nursing major. The first of the two courses being replaced (1601/1605) is an area B1 course.  

ACTION REQUESTED:  
CIC unanimously approved the CHEM 1610/1615 Area B1 of General Education credit request and forwards it to the Academic Senate for approval.
