TO: The Academic Senate
VIA: Committee on Instruction and Curriculum (CIC)
FROM: General Education Subcommittee
SUBJECT: 17-18 CIC 48: Disposition of Courses approved for C3
PURPOSE: Information to the Academic Senate
ACTION REQUESTED: That the Senate be informed of the GE approval of formerly C3 courses to other areas.

BACKGROUND INFORMATION:
At its meeting on April 17, 2018, the Academic Senate was informed by the provost that the Chancellor’s Office had determined that Cal State East Bay’s GE Subarea C3 was out of compliance with Executive Order 1100 (revised). (The Subcommittee had heard this less formally a few weeks before.) At its April 11, 2018 meeting, the Subcommittee had reviewed the learning outcomes for C1, C2, and C3 and found that the C3 outcomes were fairly congruent with C1 and C2. As there is a short timeline, members felt that they could reasonably grant C1 or C2 status to C3-approved courses and, as issues were still in flux, waited to vote on the matter until the following week. They noted that approved 1-unit, repeatable C3 courses may appear to be skills-based, which would, if placed in area C, violate the Executive Order- even before the revision. One Subcommittee member noted section 6.2.1 of Executive Order 1100 (revised), which reads in part:

“6.2.1 Development and Revision of Campus Requirements

Campus faculty have primary responsibility for developing and revising the institution's particular GE program. Within the CSU GE distribution framework, each CSU campus is to exercise creativity in identifying courses, disciplines, and learning outcomes. In undertaking this task, careful attention should be given to the following:

a. General Education Program Development
   1. Assure that GE requirements are planned and organized so that their objectives are perceived by students as interrelated elements, not as isolated fragments.”

In order to avoid confusion and the possibility of students enrolling in courses that might give them the impression that they will be satisfying requirements that either will not exist or are not
properly defined, the Subcommittee agreed to move the courses, mostly conforming to the corresponding departments’ requests.

At its meeting on 4/18/18, albeit reluctantly, the General Education Subcommittee unanimously voted to approve the following GE designations. If subarea C3 is subsequently permitted before the schedule of classes is posted for Fall, 2018, the Subcommittee may be willing to withdraw this action. Many Subcommittee members feel that the guidelines for C1 and C2 should explicitly be reconsidered next year so that creative expression courses can be preserved in these areas.
