AGENDA
1. Approval of Agenda
M/S/P Murphy/Opp 6/0/0

2. Report of the Presidential Appointee (AVP, Academic Programs & Grad Studies)
Opp advised the Committee of the SB1440.org webpage. The page has information about Community College and CSU curricula developed to meet the SB 1440 mandate.

Shasbodaghloou reported that the Engineering program is working with a Bechtel grant to ease transfer from community colleges to Engineering. Opp said that this effort (& some others at East Bay) are outside the SB 1440 Transfer Model Curriculum (TMC) process.

Opp mentioned that 123 current applicants report that they have taken a transfer degree at a community college; many of these self-reported degrees may not be covered by the TMC. Opp believes that Sociology & Psychology are the most likely disciplines to receive the community college transfers who will need to complete their Bachelor’s in 90 quarter units as required by SB1440.

3. Subcommittee appointments
Chair Murray will forward the GE sub-committee slate via email for provisional approval by the Committee.

4. 11-12 CIC 1, SB 1440 Implementation
Murray provided a draft of a memo to the Academic Senate regarding SB 1440 for the Committee’s information.

5. Revisit the Issue of Declaring Majors and Notifying the Home Departments
Schneider reviewed her reasons for suggesting that CSUEB require that students receive a signature &/or an information packet when declaring or changing majors & options. Schneider believes that students would then have a clearer idea of the requirements of their selected major & options.

The Committee discussed the varied practices and staffing configurations of departments on campus & the possible impacts of requiring a signature or other action.

M/S/P Opp/Inouye 9/0/0
To ensure that students are well advised, a change of major/minor/option will require academic approval from the new department/program.

6. "From the Floor"
Nothing.

7. Adjournment
