Date Submitted: October 21, 2004

TO: The Academic Senate

FROM: Committee on Academic Planning & Review (CAPR)

SUBJECT: Approval of New BA Major Program in Physics

PURPOSE: For Approval by the Academic Senate

ACTION

REQUESTED: That the Academic Senate approve the proposed New BA Major Program in Physics; effective Fall 2006

BACKGROUND

INFORMATION: The Department of Physics requests this action. A representative of the department discussed with CAPR the need for this degree program by students headed for 7-12 education. He also assured CAPR that the new program will require no new courses and has no fiscal implications, except that it will hopefully attract more students. CAPR approved this action unanimously at its meeting on October 21, 2004 after suggesting some changes to the prepared documents.
