ACTION

REQUESTED: An Automatic Change in the Program Review Schedule for Economics

On January 25, 2008, CAPR was informed by the Chair of the Economics Program that Economics is now part of the AACSB review and therefore should be reviewed as part of the business review cycle. Subsequently, Economics would be reviewed by CAPR along with other programs in the College of Business and Economics as part of the five-year review process with accreditation.

This information was confirmed by the Dean, also on January 25.

As a result, CAPR is formally requesting that this change be placed on the official Program Review roster and the university's Academic Plan for the Cal State University system.

The next five-year review of Economics would take place in 2008-2009.
