BACKGROUND INFORMATION: University policy requires that a course not taught during three consecutive academic years be automatically cancelled unless the department appeals for and receives a one-year extension to offer the course. If an appeal is granted through regular curricular channels (CIC, Academic Senate, President) and the course is not taught during the fourth year, it is to be closed out from the Course Inventory at the end of the fourth year and deleted from the next Catalog. If the course is taught in the fourth year, it is retained for at least three more years.

On April 6, 2010, Rosanne Harris, Academic Policies/Curriculum Coordinator, sent to each college’s associate dean a list of their departments’ courses that had not been taught for the past three years (2007-08, 2008-09, 2009-10). They were asked to respond by April 20, 2010 with any requests to appeal courses for retention for a fourth year. The following lists contain those courses that are being appealed to CIC for retention and those which will be closed out of the Course Inventory, or banked, because no appeal was filed.
