

Designation code: 12-13 BAS 1

Date submitted: April 9, 2013

TO: President Morishita

FROM: The Academic Senate

SUBJECT: Change to Electronic Evaluation of Courses (12-13 FAC 5)

PURPOSE: Action by the Academic Senate

ACTION REQUESTED:

That the President approve the extension of the pilot for electronic evaluation of courses to the Spring Quarter, rather than all courses evaluated online as specified in 12-13 FAC 5.

BACKGROUND INFORMATION:

On February 5, the Academic Senate passed 12-13 FAC 5 (amended). President Morishita approved it on February 27. However, Associate Provost Dobb reported to the Senate that there were issues with the Winter Quarter pilot and recommended that the pilot be extended into the Spring. This recommendation corresponds to number 3 in the proposed process of 12-13 FAC 5, as the pilot did not “work smoothly”.
