Subject: Response to Executive Committee concerns over perceived lack of representation of faculty from the humanities:

At its meeting on November 1, 2004, CIC passed an amendment to its Policies that CIC should consider carefully the overall representation of the 3 major areas of GE (Humanities, Social Sciences and Science) when making nominations for the GE Subcommittee. CIC will propose to add all the subcommittee membership specifications, including this amendment, to its Policies & Procedures in a separate document.

In the spirit of this resolution regarding GE, CIC looked at its over-all GE subcommittee membership for this year and verified that Kristen Ramsdell (Library) and Rita Liberti (KPE) provided humanities representation. CIC re-voted for the subcommittee representation from ALSS, since a representative from the humanities had been voted down at the previous meeting, and the final result was the same.

This document, 04-05 CIC 2, was amended to add the Cultural Groups/Women Subcommittee nominations.
