The proposed membership of the GE subgroup is almost identical to the subgroup last year. Last year’s subgroup worked very hard and efficiently and their experience will help to facilitate the approval and implementation of the large number of GE courses that will need to put in place to meet the new GE learning outcomes.

In addition, CIC carefully considered the overall representation of the 3 major areas of GE (Humanities, Social Sciences and Science). CIC carefully looked at its over-all GE subgroup membership for this year and verified that Kristen Ramsdell (Library) and Rita Liberti (KPE) provide humanities representation.
