Modified Majors (effective Fall 2009)

M.S. Biological Science
   Removing Plan A, B, and C. All students must complete a University Thesis and oral exam.

M.B.A.
   Build a common body of knowledge and bring the program into the 21st century.

M.S.B.A.
   Make consistent with changes in the M.B.A.

B.S. Chemistry
   Add new course CHEM 4811 into the list of Advanced Chemistry Electives.

M.S. Chemistry
   Revise the list of upper division electives for the M.S. Chemistry Plans.
   Add CHEM 6510 as an acceptable advanced topics course to the M.S. Chemistry Plan A, Option in Biochemistry.
   Add a Plan B to the M.S. Chemistry, Option in Biochemistry.

B.A. Economics
   Accommodate the discontinuance of the General Economics Option.

M.A. Economics
   Remove dual-listed courses and all options and to sequence a quantitative series in the program by replacing MGMT 6110 with an advanced regression course that has a prerequisite at the graduate level.

M.S. Engineering Management
   Remove GRE or GMAT exam requirement from departmental admission requirements.

B.S. Environmental Science
   Insert an enhanced focus on environmental science in the lower- and upper-division coursework, as well as reduce the overall number of units to make the program more tractable.
B.S. Health Sciences
Update the curriculum to reflect the changes in health care in order to better prepare students for employment in the field.

B.A. Latin American Studies
Broaden the scope of courses within Latin American Studies and eliminate those which are no longer taught at CSUEB. Re-arrange some of the existing courses into LAST degree categories that will allow students to progress through their program with less difficulty.

M.S. Statistics
Update the course requirements relative to the new courses offered by the department.

M.S. Taxation
Streamline program.
