3. Proposed Amendment to CIC Bylaws: The Graduate Programs Subcommittee need not contain an elected member of CIC (since all other faculty members of that subcommittee are graduate advisors or directors).

4. Marek Bielecki’s proposal that faculty whose materials are being reviewed by a CIC subcommittee should be invited to the meeting – and, if the decision isn’t made right there, should be fully informed of it in a timely manner.

5. Roberta Millstein’s proposal that all CIC subcommittees should receive an agenda prior to the meeting, together with the materials relevant to that agenda, and should produce minutes that are approved by the subcommittee, so that there is no confusion about the reasons why a decision was reached. Roberta says, “Having time to review materials prior to meetings would also go a long way towards reducing mistakes and appeals.”

6. Proposed Changes in Academic Renewal Policies:
   a. A student who receives a grade of “F,” “D,” “D+,” “C-,” or “WU” may repeat the course once for academic renewal. If a student repeats the course beyond the second time, the grades from all subsequent attempts will be averaged.
