Application Filing Deadline:
Apply immediately as this announcement may close at any time after 5:00 pm on April 12, 2019. (PDT)

San Francisco International Airport seeks a collaborative leader to manage the Airport's Fleet Services Shop. This dynamic professional will be responsible for the maintenance, operation and implementation of policies and procedures for the Airport's full portfolio of 1,400 pieces of equipment and vehicles, including on and off road heavy equipment, aircraft rescue and firefighting vehicles, across their respective operational life cycles from procurement, to maintenance, to salvage/end of life. This position will implement and expand the use of alternative fuel vehicles and equipment in order to achieve SFO's sustainability goals; perform analyses in operational life cycles, manage contracts and service agreements with vendors and pursue grants in alternative fuel equipment and vehicles.

The Fleet Services Manager manages a fleet team of approximate 35 with an annual budget of 7 million. Ideal candidate will exemplify SFO’s core values; is an excellent communicator who can establish and maintain positive working relationships and represent the Airport in a variety of settings; values innovation and technology, equity and inclusion; promotes worker safety and well-being; embraces principles of sustainability; has a working knowledge of the automotive industry and embodies trust and integrity. View an Inside SFO video about SFO's Fleet Services: www.youtube.com/watch?v=YcVwOFVuZ8Q

The desired candidate has experience managing a large Fleet division including heavy equipment vehicles, Aircraft Rescue and Fire Crash Fighting Crash vehicles, and alternative fuel vehicle; experience with supervising journey-level skilled craft employees who are responsible for the maintenance, repair and overhaul of a variety of vehicles and other machinery and equipment; experience managing an operating budget. Strong ability to strategically plan and problem solve at the management level is a plus. Individual will have demonstrated knowledge of the requirements of Department of Transportation (DOT) and compliances with all county, state and federal regulations related vehicle operations; ability to understand functional aspects of fleet operations components to meet agency goals and requirements and demonstrated experience working with multiple automotive trades including automotive painters, machinists, mechanics and service workers.

JOB REQUIREMENTS:
Bachelors’ degree from an accredited college or university; AND Five (5) years of journey level experience in the maintenance, repair and overhaul of a variety of vehicles and other machinery and equipment. Experience must have been gained in a large (i.e., 750+ vehicles or heavy equipment) and diversified (i.e., diversity of vehicles such as cars, trucks, motorcycles, road graders, paver, cranes, air rescue or firefighting vehicles, etc.) fleet maintenance operation (including emergency type vehicles); AND a Valid (Class C) Driver’s License at the time of appointment. Candidates must be insurable under the City’s automobile liability insurance policy. Insurability must be maintained throughout employment.

SUBSTITUTION:
Applicants may fully substitute the required education with additional qualifying experience as a journey level craft person responsible for the maintenance, repair and overhaul of a variety of vehicles and other machinery and equipment. One year (2000 hours) of additional qualifying experience will be considered equivalent to 30 semester units/45 quarter units.

NOTE:
Experience must have been gained as a journey level craft person in a vehicle maintenance and repair shop. Experience as a journey level craft person in other kinds of maintenance and repair shops is not considered qualifying.

Minorities, Women and Persons with Disabilities are encouraged to Apply. An Equal Opportunity Employer.
