POLICY

It is the policy of CSU East Bay that accountability and responsibility for campus activities and programs is clearly established, and that related receipts are appropriately placed and controlled in University or Auxiliary accounts. Campus activities and programs consist of functions, proceedings, projects, services and tasks important to the academic and campus life experience offered to students and staff.

Campus centers and institutes governed by Executive Order 751 are operated by the University and all center and institute programs follow the fiscal policies and procedures issued by the University.

Although a center or institute may be funded from sources other than the operating fund, all centers and institutes are operated by the University.
