Advice for the Quarter-to-Semester Transition  
Psychology BA  
Juniors and New Transfer Students

The table below provides recommendations for classes to take during the 2017–2018 academic year before the change to semesters in 2018—2019. It is targeted at students in their Junior year and transfer students who started in Fall 2017. Students who follow these suggestions will maximize their chances of graduating by Spring 2019.

Plan to visit a major advisor soon, if you have not already done so. Major advisor office hours are available at the link below. Students can visit or call faculty during their office hours. Students at the Concord Campus can visit one of the advisors there.

| 1        | Make sure you have taken the following courses. If you took them at a community college, check with a major advisor to make sure you took the correct courses. If you haven’t taken one or more, take them ASAP. | ☐ PSYC 1000: General Psychology (or equivalent)  
☐ PSYC 2020: Methods of Investigation in Psychology  
☐ BIOL 1001: Introduction to Biology  
☐ BIOL 1002: Introduction to Biology Lab  
☐ STAT 1000: Elements of Probability and Statistics |
| 2        | Take as many of these courses as possible this year. Note: PSYC 2020 and STAT 3010 must be completed before taking PSYC 3100. | ☐ STAT 3010: Statistical Methods in the Social Sciences  
☐ PSYC 3100: Experimental Psychology  
☐ PSYC 4200: Conditioning and Learning  
☐ PSYC 4320: Physiological Psychology |
| 3        | Take one of these two courses. | ☐ PSYC 4220: Cognitive Processes  
☐ or  
☐ PSYC 4420: Developmental Psychology |
| 4        | Take one of these two courses. | ☐ PSYC 3500: Social Psychology  
☐ or  
☐ PSYC 4610: Psychology of Personality |
| 5        | If you cannot enroll in any of the above courses, take up to three other upper-division psychology course. | ☐ ☐ ☐ |
