Degree Requirements

Students may need up to 18 additional semester units to meet degree unit requirements*. Recommended content: biological/health sciences, communication, cultural groups, early childhood education, English, human development, psychology, second language, statistics. Students also pursuing a minor are expected to meet this additional unit requirement through their minor coursework. The HDEV or PSYC upper division course required for the major will count towards this additional unit requirement.

*Students should meet with an AACE advisor to confirm how many actual units are needed based on overall academic history, and to verify any pending unit/GE requirements.
