

Summer Session 2019 at CSUEB

Summer session is offered through University Extension (UE) to accommodate new and continuing students in post-baccalaureate, graduate and undergraduate classes that are needed to complete your degree.

State allocation* is not provided to the campus for Summer term instruction; therefore, self-support per-unit fees are assessed to enable CSUEB to offer a Summer program.

**Exceptions*

Courses required by the following Summer cohort programs are offered via regular state-support sessions with the regular tuition:

- Face-to-Face Credential programs
- Doctoral program in Educational Leadership (Ed.D.)

Please note, Summer Session fees outlined below do not apply to Special Session programs offered via self-support.

Self-Support Session Fees

Fees are subject to change without prior notice.

Undergraduate	\$300/unit
Graduate	\$375/unit
PBAC	\$375/unit

Students taking a combination of graduate and undergraduate courses will have two separate fee structures and will pay the per-unit fees as outlined above. No other campus fees, including non-resident fees and graduate professional program fees, will be charged if students are taking self-support courses only. Students taking self-support courses only who wish to use campus facilities or services (e.g., RAW, Student Health Center) will pay for those services on an as-used basis.

Please note: Payment plans are available for summer session that elect this option. Payment due dates are listed [here](#). Students will pay self-support summer session fees using MyCSUEB – same as they would in any other term.

Refunds

The date that the withdrawal request form is submitted to the University Records Office determines the refund amount. Students who drop a class or who are dropped for non-payment during the ADD/DROP period, are entitled to a 100% refund of tuition paid for that class. Students who withdraw after the ADD/DROP date, but on or before the twenty-first instructional day in an academic quarter, are entitled to a 65% refund of tuition. No refund will be given for withdrawals after the twenty first instructional day.

If you are eligible for a refund, the amount is automatically credited to your University account. If you do not request a refund, the University will leave the balance on your account to apply toward future charges.
