Our motto at Cal State East Bay reminds us that challenge is often the greatest catalyst for change and innovation — principles that define the Bay Area as a global leader.

— President Leroy M. Morishita
Cal State East Bay is your starting point for exploring the amazing attractions of the San Francisco Bay Area and Northern California. National parks and forests, beaches and mountains serve as the backdrop for exciting cities, food, people, culture, museums and sporting events. Whatever your interest, you’ll find it within striking distance of campus life.

California State University, East Bay matches top-rated academics with a world of opportunities in the surrounding San Francisco Bay Area — career exploration, research, internships, recreation, culture — and unforgettable panoramic views.

Our students consistently point to the exceptional advantages at Cal State East Bay that make the University feel more like a private college — small class sizes, personal attention, expert faculty — combined with the benefits of a major public institution — resources for scholarship and financial aid, and an incredibly diverse student population.

Whoever you want to be, whatever you want to create — you can pioneer your own future at Cal State East Bay.
Come See for Yourself! Summer is the ideal time to explore college campuses and begin planning for university life. Cal State East Bay campus tours are available Monday thru Friday, year-round. For more details visit www.csueastbay.edu/visit.
