ON-CAMPUS LIVING = COLLEGE SUCCESS

Studies of students who live on campus (compared to those living off campus) have found that they are more likely to be satisfied with their college experience, be more involved in academic and extracurricular activities, complete their undergraduate degree, and pursue graduate studies. That's why, at Cal State East Bay, we strive to provide our students with the highest quality — and most enriching — on-campus residential living experience.

You're likely to be both excited and anxious about living with a roommate for the first time. Whether you choose to live with someone you know or let someone be placed with you, communication is key to a great roommate relationship. The best way to get to know each other is to talk about your likes, dislikes, and attitudes. When you move in, you'll complete a roommate agreement with your Resident Assistant establishing expectations and building a strong foundation for a great roommate experience.

HOUSING TOURS AVAILABLE:

Housing tours, which last 30 minutes, are given by a student and include a visit to a suite apartment. Housing tours take place Tuesday through Thursday from 12-4 p.m., except the week prior to and the week of finals of each quarter to respect the studies of the students. Please check in at Lassen Hall Housing Office upon arrival to complete a short registration form.

Lassen Hall Housing Office is located at 1901 Harder Road, Hayward, CA 94542.
