How It Works
To participate, Cal State East Bay admitted students who have legal residency in a WUE state can submit a WUE Participation Agreement Form to receive the WUE tuition rate. Students can receive the WUE tuition rate through the completion of a bachelor’s degree. WUE students may major in any open undergraduate major (except fully online majors) offered at Cal State East Bay. WUE students are not eligible for California resident tuition, and students cannot apply time accrued while participating in the WUE program to establish California residency. WUE high school students must meet the non-resident student admission requirements.
