Adobe Sign Workflow – Vendor Data Record Form (VDR)

When working with a vendor who needs a VDR, the campus representative needs to inquire whether the vendor’s organization has an identifying FEIN number or will be using a social security number identification (common for independent contractors, student payments, etc.).

If a FEIN number will be reported, the campus representative may send the VDR form (Adobe Version). Please proceed to step #1 for detailed instructions.

If Level 1 data (e.g., social security number) will be provided, the campus department will need to email general.accounting@csueastbay.edu to make such a request. The only information that the campus representative will include in their request is the vendor’s email address.

General Accounting will then send a secure VDR request to the vendor to complete. And, the campus representative will be copied on the communication. Please note that the subsequent instructions below do not apply to a vendor who is providing level 1 data.
