ASSESSMENT REPORT

California State University East Bay

College of Business and Economics

Summary

Program	MS in Accountancy (MSA) Program
Learning Goal	Students who graduate will be able to analyze emerging accounting issues and to make informed decisions.
Learning Objective 2A	Students graduating with a Master of Science in Accountancy will be able to develop critical thinking and quantitative reasoning for financial reporting and business valuation.
Rubric	Used to assess student work or artifact. Available at AOL website and end of report.
Assessed Course(s)	ACCT 693 MSA Capstone Project
Assessment Date(s)	Summer 2020
Artifacts Archival	Rubric score sheets saved.
Performance Targets	At least 80% of student overall scores will meet expectations on overall rubric score.
Results to Targets	100% of student overall scores meet or exceed expectations on overall rubric score.

Assessment Results Table(s)

- The top row lists each trait from the learning objective rubric.
- The first column shows the possible scores given to each student.
- The data inside the table lists the number and percentage of students recording each score for each trait.
- The percentage of student scoring below expectations for each trait highlighted in green.
- The bottom two rows show the percent of students meeting or exceeding expectations for each trait and the percentage of student overall scores meeting or exceeding expectations highlighted in yellow.

Results combined from on ground and online sections

	Trait 1: Research Competitive Environment & Company Strategy	Trait 2: Profitability Analysis	Trait 3: Profitability Analysis	Trait 4: Application of Valuation Model
Exceeds Expectation (6-8)	16	15	15	19
Percentage	80%	75%	75%	95%
Meets Expectation (3-5)	4	5	5	1
Percentage	20%	25%	25%	5%
Below Expectation (0-2)	0	0	0	0
Percentage	0%	0%	0%	0%
Total N	20	20	20	20
Percentage	100%	100%	100%	100%
Meets or Exceeds by Trait	100%	100%	100%	100%
Overall Meets or Exceeds	100%
