California General Education Transfer Curriculum (Cal-GETC) 2026-2027

CLEAR FORM

The Cal-GETC is the singular lower division general education pathway for California Community College (CCC) students transferring to the California State University (CSU) or the University of California (UC).

1. Transfer to the CSU or UC system typically involves achieving junior standing by completing 60 transferrable units, including general education, major preparation, and/or electives. For the CSU system, 60 CSU-transferrable units must be completed with a minimum GPA of 2.0. For the UC system, 60 UC-transferrable units must be completed with a minimum GPA of 2.4. Up to 70 lower-division units may be applied to the bachelor's degree after transfer. See College Catalog for course transferability.
2. Cal-GETC certification requires completion of all requirements passed with a minimum grade of C prior to transfer.
3. Partial Cal-GETC certification is not granted.
4. Cal-GETC certification is not a requirement for admission to most UCs and CSUs. See an Academic Counselor for details.
5. Students whose majors require more than 30 units are encouraged to see an Academic Counselor and/or visit assist.org regarding the advisability of completing all major requirements instead of all general education requirements.
6. A course must be taken during a term approved for Cal-GETC (see assist.org). A course may be approved in multiple Cal-GETC Areas, but can only be used to satisfy a single Area 1-6 requirement. IGETC courses taken prior to Fall 2025 may be applied in the same Cal-GETC Area for certification, including courses that are not officially included in Cal-GETC or are no longer active.
7. Continuing students who began at a CCC prior to Fall 2026 and have maintained rights to the former general education patterns may qualify for IGETC and/or CSU GE certification in lieu of Cal-GETC certification. See a Counselor for details.
