2026-2027 Cal-GETC Advisement Sheet

A minimum "C" grade is required in each college course for Cal-GETC. A "C" is defined as a minimum 2.0 grade points on a 4.0 scale. Courses with **superscripts** indicate the year effective (articulated for GE). Courses with **superscripts in parentheses** indicate the year ineffective (archived). For all effective and ineffective dates of ECC and other California Community College (CCC) courses articulated visit assist.org.

AP = Advanced Placement IB = International Baccalaureate C = Completed IP = In Progress N = Needs

The California General Education Transfer Curriculum (Cal-GETC) is the singular general education pathway for California Community College (CCC) students to fulfill lower-division general education requirements necessary for transfer and admission to both the California State University (CSU) and the University of California (UC). Completion of the Cal-GETC is not an admission requirement or admission guarantee for transfer to the CSU or UC, nor is it the only way to fulfill the lower-division general education requirements for students at the CSU or UC. However, Cal-GETC may be a requirement for some programs (e.g., if an ADT is required). Students may choose to complete coursework to meet the CSU or UC campus-specific breadth requirements of the university program to which they plan to transfer.

- All courses taken to meet Cal-GETC requirements must be completed with a grade of "C" or better. A grade of Credit or Pass may be used if the college's policy states it is equivalent to a grade of C or better. No C- or D grades
- No more than 14 semester units (21 quarter units) of Pass/No Pass (Credit/No Credit), excluding credit by examination, may be used toward Cal-GETC certification
- Although courses may be listed in multiple general education areas (1-6), a course can be given credit in only one GE subject area.
- Courses from foreign institutions cannot be used for Cal-GETC certification, however, international courses can be evaluated at the receiving CSU or UC and applied to their campus-specific breadth requirements.
- This advisement sheet can be modified or updated from time to time. All CSU/UC transferable courses can be verified at www.assist.org
- Consult with a counselor regarding which catalog year may be most beneficial and appropriate (i.e., if you are eligible to use previous CSU GE-Breadth or IGETC patterns).
