Revised 05/15/2026

Completion of Cal-GETC will permit a student to transfer from a California Community College to a California State University or a University of California campus or program generally without the need, after transfer, to take additional lower-division, general education courses to satisfy campus general education requirements. Although it is strongly recommended to complete Cal-GETC prior to transfer, completion of Cal-GETC may not be appropriate for some engineering, math, science, or other high unit majors. Courses used for Cal-GETC must be at least 3 semester units and completed with a minimum grade of "C" (2.0). A "C" is defined as a minimum of 2.0 grade points on a 4.0 scale. Please see a counselor for details.

Cal-GETC Certification - Informs colleges that you have completed your lower-division GE requirements and will be posted to your transcript. If receiving an Associate Degree for Transfer (ADT) and transferring to a California State University (CSU), there is no need to get your Cal-GETC certified as GE completion is required to earn the ADT degree and will be posted automatically to your FLC transcript. Apply for Cal-GETC Certification by making an appointment with a counselor in Late May or early June (you will need to provide the mailing address of the college you want the certification sent to).

Visit UC Graduation Requirements to determine LOTE -https://admission.universityofcalifornia.edu/counselors/uc-graduation-requirements/
The UC Language Other Than English (LOTE) graduation requirement is not part of Cal-GETC. However, many UC majors require or recommend LOTE competency. Students transferring to a UC should review **both** campus **and** major requirements to determine if a LOTE requirement applies and how it can be fulfilled.

Common Course Numbering System (CCN)

CCN was created to help with course selection and transfer process by creating uniformity in course numbering. This makes it easier for you to plan your education, transfer between colleges, and ensure the credits you earn will be recognized wherever you go.

Important Information

- This form does not take the place of a counselor. Recommended to see a counselor once a semester.
- Courses on this list are approved for the 2026-2027 academic year, which is valid beginning Fall 2026 through Summer 2027.
- It is extremely important to complete courses that meet major preparation, especially for transfer to UC campuses. See www.assist.org for the list of major preparation course work required.
- Courses with the same prefix, course number and title at other Los Rios Colleges may not have the same Cal-GETC approval. Check with your counselor before enrolling in courses outside of FLC.
