Cal-GETC Pattern 2026-27

MJC's Cal-GETC Breadth Pattern for transfer to California State University and the University of California

UNIVERSITY OF CALIFORNIA

CSU The California State University

Completion of the California General Education Transfer Curriculum (Cal-GETC) will permit a student to transfer from a California Community College (CCC) to a California State University (CSU) or University of California (UC) campus or program generally without the need, after transfer, to take additional lower-division, general education courses to satisfy campus general education requirements. Note: Students transferring to a CSU who have Cal-GETC certified as complete will still need to complete 9 semester units of upper-division general education (GE) after transfer and may also be held to other campus specific graduation requirements outside of general education and major coursework.

A minimum "C" grade is required in each college course for Cal-GETC. A "C" is defined as a minimum of 2.0 grade points on a 4.0 scale. A "C-" grade valued at less than 2.0 grade points on a 4.0 scale cannot be used for Cal-GETC certification. Complete a guidance class or meet with a counselor to accurately plan coursework to satisfy transfer admission and upper-division major requirements. Courses in which a student receives a "P/NP" (pass/no-pass) grade may be used toward Cal-GETC certification, but be advised that CSU and UC campuses may have limitation on the number of P/NP grades accepted to satisfy transfer, major, and graduation requirements at those institutions.
