Cal-GETC is a series of courses that allows community college transfer students to fulfill lower-division general education requirements either at the UC or the CSU system. The Cal-GETC pattern is most useful for students who want to keep their options open before making a final decision about transferring to a particular UC or CSU campus. Completion of Cal-GETC does not guarantee admission, nor is it generally required for admission. Cal-GETC is not appropriate for some majors, please meet with a Counselor to discuss.
