**Completion of all the requirements in the California General Education Transfer Curriculum (Cal-GETC) will permit a student to transfer from a community college to a campus in either the California State University or University of California system, and some private and Out-of-State institutions without the need, after transfer, to take additional lower-division, general education courses to satisfy campus general education requirements. Contact a Woodland Community College Counselor for Cal-GETC and major information at 530.661.5703.**

**NOTE:** All courses must be completed with a grade of "C" or better. ●A course with a grade of "P" or "CR" may be used if the grading policy of the community college where the course was taken states that the "P" or "CR" grade is equivalent to a "C" grade or better. ●The UC will allow no more than 14 units total taken with "P" or "CR" grades toward UC transfer. ●Catalog rights do not apply to Cal-GETC. Courses must be on the Cal-GETC at the time the course is taken. ●Woodland Community College and Yuba College do not share Cal-GETC patterns. If taking a course in person or online at YC, check to see what areas it satisfies on YC's pattern. ●Courses taken in person or online at other community colleges will be applied to Cal-GETC according to how they were approved at the college and semester where completed. ●Courses listed in more than one area may only be used once except for courses in LOTE, as well as courses in US History, Constitution and American Ideals. ●Advanced Placement (AP) exams completed with a score of 3, 4, or 5, and International Baccalaureate (IB) High Level exams completed with a score of 5, 6, or 7 may be applied to Cal-GETC. See AP/IB Examinations in the catalog for more information. ●Transfer credit may be limited by UC and CSU for similar courses or for introductory courses taken after more advanced courses. ●Some University of California colleges/schools/majors do not accept Cal-GETC. See <https://admissions.universityofcalifornia.edu> or each UC's website for more information.
