<p><b>CSU GRADUATION REQUIREMENT:</b> Although not required, students are encouraged to complete the CSU American Institutions Requirement prior to transfer. This requirement may be met after transfer; however, students are advised to meet this requirement prior to transfer while completing the CSU GE certification. The following courses fulfill both the CSU American Institutions Requirement and the CSU GE Area C and/or CSU GE Area D requirements:</p> <p>POLS 5 and either HIST 17 or HIST 18</p>			

## MINIMUM ADMISSION REQUIREMENTS FOR CSU TRANSFER STUDENTS:

1. Complete 60 semester units of transferable college credit (courses numbered 1-199) with a GPA of at least 2.0
2. Complete a minimum of 30 semester units of college courses with a grade of “C” or better in each course to be selected from courses in English, arts and humanities, social science, science and mathematics at a level equivalent to courses that meet general education requirements. The 30 semester units must include courses that satisfy CSU GE Areas A1, Oral Communication; A2, Written Communication; A3, Critical Thinking; and B4, Mathematics / Quantitative Reasoning.

Completion of the CSU GE Certification Pattern will satisfy the course requirements for the minimum admissions requirements listed above (#2). Although not required for admission to the CSU, students are encouraged to complete the CSU GE Certification Pattern prior to transfer. For impacted or competitive CSU campuses and majors there may be additional requirements such as completion of specific major courses, completion of certain general education courses by certain semesters, and/or higher grade-point averages (see a counselor for advice).

### CSU GE CERTIFICATION:

“**Certification**” means that College of the Sequoias has verified that a student has completed the lower division general education requirements for the California State University. Certification is important because without it students will be held to the general education requirements specific to the CSU campus to which the student transfers. Courses from other colleges and universities may be considered for certification by petition through a process called “**pass along certification**”: 1) courses taken at CSU campuses, participating private colleges and universities\*\*, and other California Community Colleges will be certified in the subject areas (AREA A - E) approved by the institution where the courses were taken, 2) courses taken at other regionally accredited colleges and universities will be certified only if the **course is determined to be equivalent** to a course in a **California Community College Certification Pattern**. Courses deemed equivalent would be certified in the areas (AREA A - E) in which the equivalent **courses have been approved**.

**NOTE: The first number in the ( )** is semester units granted by all campuses of the CSU, at a minimum, as elective credits which count toward the 60 transferable units necessary for admissions eligibility. This list includes only AP exams approved for CSU GE and is not exhaustive; unit limitations for electives include 6 units for both calculus exams, and 6 units for more than one physics exam (see counselor for additional details). **The second number in ( )** is the semester units applied to the fulfillment of the CSU GE requirements; unit limitation for CSU GE: 4 units for more than one physics exam.

**NOTE: AP GOVT: U.S. Exam** may be used to clear CSU GE AREA D; however, in order to clear the CSU American Institution graduation requirement for Federal, State, and Local Government students must also complete POLS 10.

**NOTE: Some College-Level Examination Program (CLEP) exams and International Baccalaureate (IB) exams may be used to clear CSU GE AREA requirements (see counselor for details).**
