Student ID: _____ Counselor Name: _____ Date: _____

TRANSFER ADMISSION ELIGIBILITY:

A transfer student will be required to complete 60 CSU transferable units including a minimum of 30 semester/45 quarter units in general education (GE) courses with a minimum GPA of 2.0; this includes completion of Areas A1, A2, A3, and B4 (the "Golden 4") with a grade of **C-** or higher in each course (nine units from English composition, oral communications, critical thinking and three units from quantitative reasoning).

CERTIFICATION:

Compton College (CC) will certify students who have completed the lower division general education requirements. Certification is important as students who transfer without certification will be held responsible for the transfer institution's general education pattern. Students who have completed courses at other regionally accredited colleges are advised to see a counselor regarding "pass-along" of courses; transcripts from other regionally accredited universities and colleges need to be on file at CC. Foreign coursework not from a US-regionally accredited institution may not be used for certification on the CSU breadth requirements. For full certification, students must complete 12 units of General Education at CC. Requests for certification should be submitted to the [Admissions and Records Office](#), during the student's final semester.

1 These units count toward eligibility for admission. The units may not apply towards Associate Degrees for Transfer (AD-T) or the baccalaureate degree. The units may not all apply toward certification of the corresponding GE-Breadth area. See Executive Orders 1036 and 1100 for details.

| | |
|---|--|
| 2 | Areas of GE Breadth (A1 through E) are defined in EO 1100 . Areas of American Institutions (US-1 through US-3) are set forth in Sections IA and IB of EO 1061 , and at assist.org . Numerical subcategories for Area D were removed and no longer apply effective 4/11/2018 but are provided for historical reference. |
| 3 | Students seeking certification in GE Breadth prior to transfer must have passed the test before this date. |
| 4 | If a student passes more than one CLEP test in the same language other than English (e.g., two exams in French), then only one examination may be applied to the baccalaureate. For each test in a language other than English, a passing score of 50 is considered "Level I" and earns six units of baccalaureate credit; the higher score listed for each test is considered "Level II" and earns additional units of credit and placement in Area C2 of GE Breadth, as noted. |
| 5 | The IB curriculum offers language at various levels for native and non-native speakers. Language B courses are offered at the intermediate level for non-natives. Language A1 and A2 are advanced courses in literature for native and non-native speakers, respectively. |
| 6 | If a student passes more than one AP exam in calculus or computer science, only one examination may be applied to the baccalaureate. |
| 7 | Students who pass AP Environmental Science earn 4 units of credit. Tests prior to Fall 2009 may apply either to B1+B3 or B2+B3 of GE Breadth. Fall of 2009 or later, those credits may only apply to B1+B3. |
| 8 | If a student passes more than one AP exam in physics, only six units of credit may be applied to the baccalaureate, and only four units of credit may be applied to a certification in GE Breadth. |
