

General Education BREADTH REQUIREMENTS

2022-2023

General Education (GE) Breadth Requirements for Associate Degree from Columbia College and Transfer to CSU

Completion of Column 1 on the following pattern will satisfy Associate Degree General Education Requirements for Columbia College. Completion of Column 2 will satisfy CSU GE Breadth Requirements for transfer to a CSU. The courses that satisfy both patterns are listed in the center column. Transfer students are encouraged to satisfy both patterns at the same time by careful selection of courses, in order to graduate with an Associate Degree as well as transfer to a CSU campus. CSU/UC transfer students should see the IGETC pattern for an alternative method of completing transferable General Education Requirements. AP exam scores of 3, 4 or 5 may be used to satisfy specific GE breadth requirements, see the Columbia College's catalog for the policy on application of credit from Advanced Placement (AP) examinations.
