The CS Breadth for STEM is only approved for the Associate in Science in Chemistry for Transfer Degree and the Associate in Science in Bi for Transfer Degree. This pattern allows students to defer completion of one course from CSUGE Area C and one course from CS Area D until after transfer. Students earning the AS-T in Chemistry or Biology with this pattern must complete the following before transi

- All required courses in Areas A, B, E, and F
- One (1) course in Area C1 - Arts
- One (1) course in Area C2 - Humanities
- One (1) course in Area D - Social Sciences

When a course is approved for CSU GE, it applies for certification starting with the year of approval and ending when it is removed.

Students who have maintained continuous enrollment at a California Community College or CSU or combination of the two that start Fall 2021 may use the previous pattern:

Complete nine units in at least two disciplines in Area D and no Area F requirement.

****C-" or better is required for courses passed along from other colleges.*
