## CSU GE Policy & Information

- This CSU GE Plan totals approximately 39 units. A minimum of 60 CSU transferrable semester units is required for admission. You will need to complete additional coursework for your major and maybe some elective courses. Please consult [ASSIST.ORG](http://ASSIST.ORG) for specific major prep coursework and see a counselor to develop an Educational Plan.
- CSU GE Plan courses must be completed with a passing grade. At LATTC that is a grade of A, B, C, D, or P. **However, areas A1, A2, A3 and B4, must be completed with a "C-" or better.**
- Courses may be used only once to satisfy one GE area, even if they are listed in the course agreement under more than one subject area. Courses may be used to satisfy both CSU GE and major requirements.
- This advising form may not be the best general education preparation pathway for ALL majors (such as Engineering, Computer Science and Liberal Studies-Teacher Prep). Please consult with a counselor to determine the best plan to meet your educational goals.

**WARNING:** Many students attend multiple California Community College campuses. If that's you, be sure to follow the CSU GE at each college of attendance. CSU policy states that CSU coursework completed in a specific subject area will be used in the same area designated by the California Community College at which the course was completed. This is also the policy if you complete courses at more than one of the LACCD colleges.

Governed by [CSU Executive Order 1100](#)

**Note: USE [www.assist.org](http://www.assist.org) to check admission and selection for impacted majors and programs.**
