**Important Information**

- \*Courses with an asterisk may be listed in more than one area but will not be certified in more than one area.
- A course with the code (F) indicates the year a course was approved in the designated general education area.
- Certification is not a CSU admission requirement. Requirements are subject to change. Please work with an SCC counselor to develop an educational plan that includes major preparation.
- \*\*Courses taken at regionally accredited colleges or universities that are not part of the California Community College system can meet general education requirements on the CSU GE/Plan B. Approval of CSU general education placement is done by the Articulation Officer via the "Pass Along" review process, see page 46 of the SCC Catalog for more details.

@ Notation in CSU GE Areas A1, A2, A3, and B4 indicates grades of "C-" can be used to meet CSU GE Areas A1, A2, A3, and B4 for CSU admissions. **However, if the CSU Area A1, A2, A3, or B4 course double counts as a general education and major requirement, a "C" or better grade is recommended for certification.**

**What if I have a mixture of quarter and semester units, how is this calculated for CSU certification?**

It will be calculated to the student's advantage per Area, using either semester or quarter units. To convert semester units to quarter units multiply the semester units by 1.5 (3 semester units x 1.5 = 4.5 quarter units). To convert quarter units to semester units, divide the quarter units by 1.5 (4.5 quarter units /1.5 = 3 semester units).
