VI. UNFINISHED ITEMS:
A. ACTION ITEM - ASI Board Member Concern
The Personnel Committee take action recommending the ASI Board of Directors the removal of ASI Senator of CBE.
Motion to removed Daniel Olguin as ASI Senator of CBE by K. Dhillon, second by O. Shakoor.
O. Shakoor states that Daniel never got back to me regarding our financial literacy workshop. After hearing everything from our last meeting, I understand why he would not respond back to me. I do agree with going through with this motion. E. Sanchez states I was not here in our previous personnel meeting. However, I was part of our previous discussion about Daniel, and the concerns about him. I did speak to him, but he is in class at the moment, and mentioned he is planning on resigning his position. I am not sure how everyone would like to carry on with the process with this new information. D. Cuevas states last night he sent me an email
asking why he is being brought up in personnel, in which I explained why. Given the circumstances, Daniel probably thought it would be easier to resign. However, he has not sent an official email and we can continue with this motion. **K. Dhillon** states I am still in favor with the removal. This will allow him to not be in good standing if he decides to return next year due to Daniel not doing anything all year. **E. Pinlac** states I talked to him this morning in our performance improvement meeting, in which I presented him options. If he is removed by the board, he will be in bad standing by our definition but if he resides it will be a different story. D. Cuevas can you allow me to share my screen in order to go line by line and present what Daniel may or may not has accomplished. There was very little communication with him and there are a few items I know that have not been completed. We have made the effort to help him with his performance improvement plan. It took much effort to put these things together and to coordinate, this comes to show how much effort we have put into his position. **D. Cuevas** states I received an email from Daniel Olguin two minutes ago regarding resigning his position. **E. Sanchez** states I hope for next year everyone is treated with the same level of expectations. I know some board members have shown similar actions like Daniel Olguin. **B. Golez** states I want to clarify the process and checked the bylaws. In which state, they should be removed by office by a three fourths majority vote of the board of directors. If it is a resignation, then a written notice shall be sent to the ASI President and ASI Board of Directors. We will need to email Daniel letting him know to forward the resignation to the rest of the board of directors. I will send everyone these bylaws in the chat. **O. Shakoor** asked if his letter was received meanwhile, we were discussing his removal, then which process will we continue with? I also agree with K. Dhillon that Daniel should not have the opportunity to come back next year and be in good standing, if we accept his resignation letter. **K. Dhillon** states I am clarifying what was said in the chat. The member from last year was stripped from running for ASI President or Vice President but remained in good standing with ASI. Under all the circumstance, I do not believe that we should allow Daniel to come back and apply for next year. Also, I am not sure what E. Sanchez means when not everyone was held accountable for their positions? If we are going to be passive aggressive, I do not believe that should be allowed. If anyone had a concern over a board member, then they should have brought it to our attention. **D. Cuevas** states before M. Castillo talks, I do want to make clear that we should only be talking about the Senator of CBE at the moment. **M. Castillo** states in this scenario for Daniel since he already quiet, then he cannot be fired. Would an employer hire you back given the back history, most likely the employer
would not hire them again. If he has already submitted the letter of resignation, I
do not believe that we can remove him. I find it interesting how the bylaws
mentioned that the resignation letter has to be sent to the whole board instead of the
President and EVP. I am not sure in the past if we have been following protocol. **D. Cuevas** states there is mixed feelings about his resignation, some of us are going to
accept it will others want to remove him from his good standing. I am not sure what
the next steps would be. **E. Pinlac** states when I spoke to Daniel, he just wanted to
take the easy route. I am not sure if we can fire someone who just quit. I do want
clarification on how we would take away someone’s eligibility. **K. Dhillon** states
regarding that specific FYM it was a little bit different. We just decided to strip
them away on running for President of Vice President position, which the motion
was approved. However, they were still in good standing with ASI. This was
different due to us still wanting them to be part of ASI due to having a bad
experience their first year. This situation is completely different since it is a board
member who has different responsibilities. **M. Castillo** states I do not think we can
prevent Daniel from applying for next year. I would suggest those who are returning
have the history of how Daniel is, therefore, you would not have to take away his
good standing with ASI. **E. Sanchez** states I agree with M. Castillo, there will be
people that know the history behind this case. If I had a bad experience with an
organization, I would not return. **B. Golez** states maybe it is best if we do not bring
this to the board of directors. We do not want to leave the year with this issue. If
board members, ask what happened we can speak about what issue we saw with
Daniel and his position. **E. Sanchez** states I did forward the rest of the board the
e-mail of Daniel’s resignation. **K. Dhillon** states at this point we can ask Daniel for
transparency and leave it as is. I do not want to leave room for open interpretation,
and we should make it clear that the Senator of CBE resigned. **D. Cuevas** states we
are all in agreeance that we are not taking away his good standing. **E. Pinlac** states
due to having the motion already we have to amend or move forward.
**Motion** to postpone indefinitely by **K. Dhillon**, second by **B. Golez**, motion
CARRIED.
