

# ASSOCIATED STUDENTS, CSUH

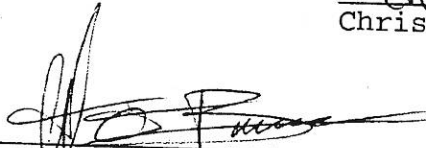

BOD 1994-95 Resolution On The Authority To Make Student Appointments

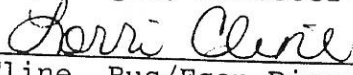

- Whereas,** Organizations seeking to protect the rights and interests of a constituency needs to be independent to be effective; and
- Whereas,** Decisions are made in committees throughout the California State University system; and
- Whereas,** Organizations seeking to represent the interests of students need to be able to have access information presented at these very important forums; and
- Whereas,** Organizations seeking to represent the interests of students need to be able to present the collective opinions, stances, positions, arrived at through the representative government; and
- Whereas,** The California State Legislature, the state courts, and various educational entities have recognized the Associated Students organizations on individual California State University campuses as the official and legal representatives of students on the respective campuses; and
- Whereas,** The California State University students are the sole providers of funds to the Associated Students organizations; and
- Whereas,** The vested interests of those investors need to be protected; and
- Whereas,** The interests of those investors are not best represented by the appointees of the Presidents or other non-student government entities; therefore be it
- Resolved,** That the legally elected/appointed officers of the Associated Students organizations have the sole right and responsibility to make all appointments of all student positions to the various campus committees; and be it further

Resolved, That the campus President and/or designee immediately refrain from using veto power, executive privilege to make student appointments to a committee, taskforce, or board.
